VARIETIES

Tinto Fino (95 %) Merlot & Cabernet Sauvignon (5%)

PRODUCTION

6.200 Bordeaux bottles of 75 cl.

200 magnum bottles de 1,5l.

VINEYARD

This wine is made from Tinto Fino (Tempranillo), situated at a clay-calcareous soils with yields of around 2000 kg/ha and Cabernet Sauvignon and Merlot from our estate La Planta.

The vintage 2009 is historical, climatologically marked by a very hot cycle end, that caused yields, well below average.

A wet autumn, cold winter, spring less rainy than usual and a dry summer, along with light rains in late August created a unique climate.

VINIFICATION & AGEING

Bunches were hand-picked, sorted at a sorting table, destemmed, and grapes were racked, barely using the pump. The alcoholic fermentation was held out in wooden vats and the maloláctic fermentation in new French oak barrels.

The ageing was in oak barrels for 48 months and three rackings took place during the period.

TASTING

VISUAL

Medium intensity with a ruby red colour; clean and bright.

NOSE

Wine rich of nuances. An aromatic spectrum where excelling Russian leather and amazing fruit souvenirs, along with flashes of black liquorice. All this, assembled with spicy aromas as cinnamon, and cigar box makes it a complex and remarkable wine.

PALATE

There is a great balance between taste and aromas. This wine is creamy, smooth and pleasant. On the palate the emphasize is on its perfect balance and sobriety. It has wonderful vitality sensations.

RECOMMENDED FOOD AND CONSUMPTION:

It can accompany roasted red meats, red meats in sauce, and also game. With aged and fatty cheeses, its taste would maximize. The recommended serving temperature is 17°C.

ANALYSIS

ALCOHOLIC GRADE	14% VOL.	TOTAL (SO ₂)	65 MG/L
TOTAL ACIDITY(TARTARIC)	5,29 G/L	FREE (SO ₂)	22 MG/L
